Osenbaugh interjected a discussion on this claim, due to the fact that Waterville came in two years ago with a specific history of EMS claims, and this is yet another, and large, EMS claim. Osenbaugh personally visited with the City Council in Waterville back in 2014, and stressed the importance of improving safety practices within the EMS Department. [Staff will look into this situation thoroughly and will bring a review back to the Board meeting in Clay Center.]

Rhodes also reviewed the 2016 loss control certification checklist, which has been 'tweaked' in several areas, including a small credit for being in the KMIT POET program.

Excess Coverage Renewal: Cornejo gave this presentation, and recommended staying with SNCC for 2016, under the same coverage terms as in 2015. The estimated premium was down a

bit from 2015. Deposit premium in the amount of \$474,962 approved unanimously, following a motion by Dillner and a second by Rozman.

Errors and Omission (D&O) Policy Renewal: Cornejo presented this, and recommended staying with Lloyds of London, under the same terms as in 2015. This premium went up just a bit from 2015. Premium in the amount of \$15,969.96 approved unanimously, following a motion by Dillner and a second by McCommon.

Review of 2015 (for 2016) Pool Pricing: Osenbaugh presented an overview of the team process followed in the pricing of the pool (which takes place in late November each year). The challenging obstacles this time around were the drastic rate decreases in several state class codes and the somewhat-usual significant changes in mods for several (especially larger) member cities. The primary goal of the process this year was to stay close to the parameters outlined in the August meeting, at which the Board chose to not raise rates, while also understanding that the pool potential loss risk (net worth) was going to somewhere in the range of \$.5 Million. The final estimate, following the pricing, is that the 'risk' following this year's pricing could be expected to be about \$.576 Million.

Approval of 2016 Operating (Administrative) Budget: Osenbaugh presented the budget, which was approved unanimously, following a motion by Lasher and a second by Dillner.

Staff Report/Other: Osenbaugh gave a brief report of some recent activities and events of note, including:

1. The NCCI annual state seminar, held in Lawrence in October, attended by Furman and Osenbaugh;
2. A phone conference and recent court rulings on the Sweep lawsuit;
3. The annual KMIT Supervisor Seminars, held in four KMIT cities in September;
4. An updated 2016 Board of Trustees meeting schedule.

Adjournment: Motion made by Rozman to adjourn; seconded by Dillner. Approved unanimously. The meeting was adjourned at 11:47 AM.

NOTICE OF NON-RENEWAL

By way of this letter, the City of Waterville is hereby given official notice that the **Workers Compensation Insurance coverage** provided to the City through its membership in the Kansas Municipal Insurance Trust (KMIT) **will not be renewed** when the current coverage-year ends at 11:59 PM on December 31, 2016.

The City has not demonstrated adequate improvement in its safety program during its two years (beginning April 1, 2014) in the KMIT pool. This despite the fact that the City joined KMIT after having been cancelled by its former carrier, for poor performance, and the City's assurance to KMIT that it would take the measures needed to improve and emphasize its safety program, and, thus, its performance.

KMIT staff have met with the City on several occasions, to provide guidance, encouragement, expertise and assistance, but the City continues to fail to give sufficient effort toward needed and necessary progress in its own safety planning and activities.

The KMIT pool expects its members to work towards improvement in safety and in their overall work comp program; and, that is especially true for those cities which join KMIT with a poor work comp performance history.

KMIT strongly advises the City of Waterville to **immediately seek the assistance** of a Kansas-licensed insurance agent/broker in placing the City with a private insurance company doing work comp business in Kansas, as it will likely be difficult to find a private-market carrier for this coverage.

Capital Markets Review - April 22, 2016

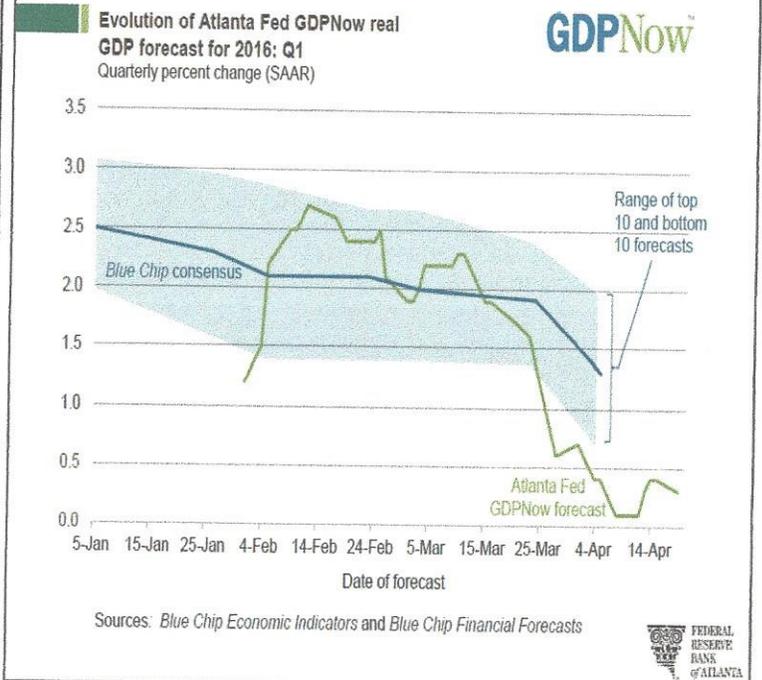

Back in August of 2014, the first consensus forecast published for 1Q16 U.S. GDP growth was a robust 2.8% quarter-over-quarter seasonally adjusted annualized rate. Fast forward to today and that prediction is just 1.2%. Downgrades have become the trend for 1Q growth forecasts – 2014 and 2015 forecasts followed the same pattern. Actual growth for the period, as originally released, was essentially zero in both years, well below consensus. Over the past several weeks, personal income and spending data, auto sales and wholesale inventories all disappointed, which would invite a markdown in 1Q16 GDP expectations. The Atlanta Fed GDPNow chart shown at the right reflects this, falling to 0.3% earlier this month from 2.3% in mid-March. With the actual 1Q16 GDP release more than a week away, the consensus forecast has time to slip even further. Looking ahead to next year, the 1Q17 GDP forecast in the Bloomberg survey started at 2.6% – it has already slipped to 2.3%.

The FOMC's challenge next week is how to skip an interest-rate hike for a third straight meeting without cementing expectations that policy is on hold for months to come. U.S. growth has slowed in the opening months of the year, validating Yellen's decision to delay FOMC action in January and March after the Fed hiked in December for the first time in nearly a decade, while raising doubts that the central bank will be able to proceed with gradual rate increases as it expects. Officials have penciled in two rate hikes this year, according to forecasts they updated in March, but investors are more skeptical.
