Board of Trustees Minutes from August 25, 2023

IMA, Wichita, KS

Unapproved

Meeting Convened. Friday, August 25, 2023. Called to order by President Mitchell at 9:03 A.M.

Absences/Quorum Declaration. After noting resignation letters from Jeff Morris and Ed Truelove, Mitchell declared a quorum (9/9) present. *Board Members Absent:* None.

Mitchell also announced the appointment of Stacie Eichem as Board Treasurer (replacing Morris). Motion to approve the appointment made by Marsh, seconded by Linn. Unanimous.

Meeting Attendees. *Board Members Present:* President Jonathan Mitchell (Hoisington), Vice President Kelly McElroy (Newton), Immediate Past President Hardy Howard (WaKeeney), Anthony Swartzendruber (Harvey County), Kristi Carrithers (Valley Center), Michael Ort (Jetmore), Stacie Eichem (Wamego), Ron Marsh (Abilene), and Beth Linn (Edgerton). *Service Providers:* Kyle Johnston (Cornerstone), Barbie Kifer (Cornerstone), Jenna DeRoo (Cornerstone), Chris Retter (IMA), Gene Miller (CIS), and Don Osenbaugh (KMIT Pool Administrator). *Guests:* None.

Minutes Approval. The minutes from the June 23, 2023 meeting were unanimously approved. Motion by Carrithers; second by Linn.

Financial Reports (presented by DeRoo):

- a. June 30, 2023 Financials
- b. July 31, 2023 Financials
- c. 2nd Q 2023 (7/31) KID Report
- d. July 31, 2023 Longitudinal Cash/Investment Summaries [Osenbaugh]

Financial items unanimously approved, following a motion by Howard; second by Marsh.

Claims—Settlements and Advisories. Miller presented the following claims, all were reserve-advisory-only:

1. Independence (23790145).
2. Hoisington (23790287).
3. Scranton (23790366).
4. Russell (23790379).

Miller also showed a recent subrogation check received, which was worked by KMIT (CIS) Adjuster Andrea Neff.

Risk Control. Retter presented on behalf of Renee Rhodes (who is on IMA sabbatical). Retter reviewed the updated pool risk control claims statistics, and made some observations about the number and nature of KMIT claims. The annual safety audits/certification process is finished.

Nomination ‘Slate’: Mitchell and Osenbaugh discussed the need for the Nomination Committee to meet, to choose two people to fill the slots on the slate recently vacated by Morris and Truelove. Eichem is now the Committee Chair (replacing Morris). Osenbaugh will meet with the Committee via conference call ASAP, to work on filling out the slate for election at the Annual Meeting

Annual ‘LCM’ Analysis: Johnston presented the data analysis used to determine the need for a filed-rate (Loss Cost Multiplier, or LCM) increase is indicated. The ‘at risk’ projection/estimate for 2024 was pegged at **(\$120,000)**—noticeably lower than in a number of years. The recommended action was to NOT modify the current LCM of 1.645. Motion to approve the recommendation made by Marsh, seconded by Swartzendruber, and unanimously approved.

Net Worth Policy Discussion: Osenbaugh lead this discussion centered around the ‘right’ amount of Net Worth (Pool Fund Balance) to maintain, following back-to-back years of significant increases in the KMIT’s Net Worth, resulting in 2022 year-end (audited) fund balance of just over \$11.3 Million. Osenbaugh suggested drafting a policy for discussion at upcoming Board meetings which would set a ‘ceiling’ for the fund balance, along with a method for reducing that balance if/when the thusly-determined threshold was reached. The ratio to be used to determine the ‘correct’ ‘lid’ would be current, audited net worth v the most recently audited total annual pool premium.

Mitchell brought up the point of also using the new policy to establish a corresponding ‘floor’ in the net worth.

Osenbaugh will bring a draft policy to the next meeting.

KAHP Update: Osenbaugh reported that the KAHP Committee meet twice over the summer (Wichita and ‘zoom’), and will meet again in early-mid September, to discuss 2024 rates and renewal. An additional member entity is expected to be added for a 9/1 start (which would bring the membership of KAHP up to 13.)

Administrator Update/Reminders. Osenbaugh noted:

1. A Supervisor Seminar was presented in Neodesha on August 24. The last two 2023 seminars will be held on September 20 and 21, in Jetmore and Colby.
2. Reminded the Board of the KMIT Annual Meeting, in Wichita (during the LKM Conf), starting at 5:00PM, on Saturday, October 7.
3. Also reminded the Board of the ‘Zoom’ (TEAMS) Trustees meeting on Wednesday, October 11 at 9AM, for the sole purpose of electing officers for the 2023/2024 KMIT year.

Adjournment. The Board meeting was adjourned by Mitchell at 11:26 AM, following a unanimously-approved motion made by McElroy and a second by Marsh.

*Following adjournment, Howard presented Mitchell with the *first-ever* **Larry Paine Memorial Gavel**, in recognition of Jonathan;s service as 2022/2023 KMIT President.

Don Osenbaugh, Pool Administrator (acting as Board-Designated Secretary)

Outstanding	\$76,255.34	\$68,224.29	\$4,323.91	\$148,803.54

Accident Description/Nature of Injury:

Claimant was taking tools to roof for coworkers when the ladder he was on, shifted causing him to fall approximately ten feet. Injuries were fractured left clavicle, multiple left rib fractures, punctured left lung, head laceration and internal injuries.

Investigation/Compensability

The ladder did not break and did not malfunction. Weight limit for the ladder was 300lbs and claimant weight was 330lbs. The accident was witnessed, promptly reported, and accepted as compensable.

Medical Management

He was life-flighted to Wesley Medical Center where he had partial removal of pancreas and complete removal of spleen. He was on a ventilator for a few days. Extensive rehabilitation contributed to his remarkable recovery. Medical management nurse was assigned to assist with the case.

Periods of Disability

4/18/23 to 6/18/23

Permanent Partial Impairment/Permanent Disability

Dr. Estivo performed a rating evaluation and assigned 11% body.

Body 415 wks x 11% = 45.65 wks ppd x \$765.00 = \$34,922.25

Subrogation/Other Issues

There was not a malfunction or defect with the ladder so no subrogation expected. No source for contribution. Dr. Estivo pointed out that due to loss of his spleen, he is at increased risk of bacterial infections and will require annual vaccinations.

Plan of Action:

We are requesting up to \$50,000.00 settlement authority to settle all outstanding issues on this case for a full/final settlement. Additional monies are for buy-out of future medical.

Claimant was driving a college van when an on-coming overwide semi struck the drivers side of the van. She claims injury to her left shoulder, left knee and concussion.

Investigation/Compensability

The accident was witnessed and physical damage to the van was extensive. Injury was promptly reported and accepted as compensable.

Medical Management

Initially treated Independence Hospital ER and released. She has been referred to ortho, Dr. Zafuta, for continued care to her left knee and shoulder. There has been no concussion treatment to date.

Periods of Disability

No lost time.

Permanent Partial Impairment/Permanent Disability

Reserves reflect 15% BAW.

Subrogation/Other Issues

Other driver's insurance carrier has been placed on notice of our work comp lien and has agreed to protect same. Lien notice also sent to her attorney.

Plan of Action:

She has received minimal medical treatment to her left knee and missed the appointment for her left shoulder. We are approaching her attorney with attempt to buy-out of her concussion claim. She is in the beginning of the school's basketball season and doubt that much medical treatment will take place until after the season is over. Then we will monitor her medical recovery till MMI, request rating, negotiate full/final settlement of all issues and obtain Division approval. Recovery of our lien will then take place.

KANSAS MUNICIPAL INSURANCE TRUST

Board of Trustees Minutes from June 23, 2023

DoubleTree Hotel, Overland Park, KS

Approved in Wichita (IMA) on August 25, 2023

Meeting Convened. Friday, June 23, 2023. Called to order by Treasurer Jeff Morris at 9:03 A.M.

Absences/Quorum Declaration. Morris declared a quorum (7/11) present. *Board Members Absent:* President Jonathan Mitchell (Hoisington), Vice President Kelly McElroy (Newton), Immediate Past President Hardy Howard (WaKeeney), and Ron Marsh (Abilene).

Meeting Attendees. *Board Members Present:* Treasurer Jeff Morris (Coffeyville Community College), Anthony Swartzendruber (Harvey County), Kristi Carrithers (Valley Center), Michael Ort (Jetmore), Stacie Eichem (Wamego), Ed Truelove (Neodesha), and Beth Linn (Edgerton). *Staff:* Jess Cornejo (Cornerstone), Kyle Johnston (Cornerstone), Barbie Kifer (Cornerstone), Renee Rhodes (IMA), Brenda Rice (IMA), Gene Miller (CIS), Andrea Neff (CIS), and Don Osenbaugh (KMIT Pool Administrator). *Guests:* Lance Cowell (CIS), Stuart Bach (SSC), and Josh Eichem.

Minutes Approval. The minutes from the May 5, 2023 meeting were unanimously approved. Motion by Carrithers; second by Linn.

Financial Reports (Kifer):

- a. Audited 12/31/22 KID Quarterly Report
- b. Revised 3/31/23 KID Quarterly Report
- c. April 30, 2023 Financials
- d. May 31, 2023 Financials
- e. May 31, 2023 Longitudinal Cash/Investment Summaries [Osenbaugh]

Financial items unanimously approved, following a motion by Swartzendruber; second by Carrithers..

Annual Actuary Report. Johnston and Cornejo overviewed the 2022 Actuary report, as prepared by KMIT's contracted actuary, Milliman Co. The study showed that KMIT's net worth again grew by over \$2M in 2022, as it had done in 2021. The large increase in NW in both years was driven by a significant decrease in Reserves (primarily due to the closing of some large older claims), and the accompanying decrease in IBNR determined by the actuary. Motion to receive and file made by Linn; seconded by Carrithers. Approved unanimously.

Annual Financial Audit: Stuart Bach (SSC) presented the annual (2022) financial audit. No major findings were reported. Bach commented that it was very rare for a pool to show back-to-back years (2021 and 2022) of such sizable fund balance (net worth) growth. Motion to receive and file made by Ort; second by Truelove. Unanimously approved.

Claims—Settlements and Advisories. Miller presented the following claims for settlement authority and reserve advisory:

1. Fort Scott (21790573). Settlement authority previously granted. Settlement was in the amount of \$32,500.
2. Girard (21790529). Authority previously granted. Settlement was \$101,500.
3. Pittsburg (23790231). Reserve advisory.
4. Osawatomie (23790202). Reserve advisory.
5. Russell (23790289). Reserve advisory.
6. Pittsburg (23790075). Reserve advisory.
7. Garden City (22790028). Claims Action/Summary and Reserve Advisory.

Miller shared a copy of a reimbursement from Safety National in the amount of \$14,444.73.

Risk Control. Rhodes made a brief presentation. The annual certification process is all-but finished.

Operating Policy #7: The formal adoption of the policy approved at the May 5 meeting, which increases the minimum premium for current members to \$1,500, and for new members to \$2,500. Motion to approve made by Swartzendruber; second by Eichem. Approved unanimously.

LKM Contract Extension: The current (3-yr) contract for services with the League of Kansas Municipalities (LKM) ends on 12/31. The LKM proposed extending the contract for one year (all of 2024), and then ‘re-negotiate’ a new multi-year contract next summer. This action does that, with no change in the content or amount. The annual amount is \$35,750. Motion to approve made by Carrithers; second by Ort. Unanimous.

Nominating Committee: Committee Chair Morris reported that the Committee will place all five “incumbents” in nomination, unless one of those five chooses to retire from the Board. There are no vacant or term-limited positions this time around.

KAHP Update: Osenbaugh reported that the KAHP Committee will meet in Wichita (IMA) and via ‘TEAMS’ on July 11.

Administrator Update/Reminders. Osenbaugh noted:

1. A Supervisor Seminar was presented in Edgerton on June 22. The next will be held in Neodesha in late August, and then two more in September, on successive days, in Jetmore and Colby.
2. The KMIT Annual Meeting will be held during the LKM Conference in Wichita, on Saturday, October 7 (unless the League changes the meeting day).
3. The Board will meet via “TEAMS” on the Wednesday after the Conference (10/11), for the sole purpose of electing officers for 2023-2024, who will take office immediately.
4. KMIT is stressing to its members the need for “10-99” contactors to file either a waiver or work comp certificate with the member entity, which is a growing issue.

Adjournment. The Board meeting was adjourned by Morris at 11:31 AM, following a motion by Carrithers and a second by Linn.

Claims Adjusters Are the Future Leaders of Workers' Comp: How Can We Nurture Their Success?

Stephanie Arkelian of Healthesystems draws on her early experience as an adjuster to discuss how the industry can support the next generation of this important role.

\

It is undisputed that the **claims adjuster sits in the hot seat of the workers' compensation claims process.**

At the frontlines of claims management, they must balance the interests of multiple stakeholders while juggling important and often time-critical authorization decisions that impact an injured worker's care in relation to their workers' comp claim.

Add to this the unique complexity of the workers' compensation system and patient populations — and it's not a role for the faint of heart.

It's also not a role that most enter as a first choice.

“My start in the industry was certainly not something I planned for,” said Stephanie Arkelian, former IAIABC Next Gen recipient and director of product management at Healthesystems.

“When the market crashed in 2008, I was left without a job. I took a chance on an adjusting position at a large TPA and proceeded to take on one of the most challenging roles of my professional career, working the frontlines for the largest retailer in the world. It taught me a tremendous amount that led to my current role, where I've worked passionately to affect real change for our clients and ultimately improve the experience for injured workers.”

At a time when many industries are facing recruitment challenges, attracting new professionals to workers' compensation, and specifically the role of claims adjuster, has become increasingly difficult.

But the key to attracting — and ultimately retaining — new talent is multifold: Providing them with the tools and support to nurture in their new role, while taking a long-term view of how to support their success in the industry for years to come.

The Anatomy of a Future Leader

The frontline role of the claims adjuster is a prime place to focus attention when looking to develop future leaders in the workers' compensation industry, as the qualities and knowledge base that set someone up for success in this position can also serve their long-term success.

“These individuals often make great future leaders as they gain a keen empathy from the day-to-day frontline experience, as well as an intimate understanding of the claims process — both of which help fuel the understanding needed to solve the problems and challenges our industry faces,” Arkelian explained.

Other skills and qualities that make these professionals formidable in the industry include strong communication skills across a variety of stakeholders, a foundational knowledge of medical information, and, of course, a true passion for affecting change.

“This isn't a nine-to-five job that you clock in and out of,” Arkelian said.

“I remember nights worrying if I did everything I needed that day to make sure my injured workers got the right care authorized, scheduled and coordinated and all their proper payments issued. As an adjuster, you are an employee of an insurance company trying your best to be a great steward of finance and making the best compensability decisions, but you are also an important advocate for the injured worker.

“Looking at all the skills gained as an adjuster,” she continued, “it's important for today's workers' compensation leadership to recognize the value of this, promote career paths from the adjusting role, and nurture the professional growth of our potential future leaders.”

Amping Up Industry Appeal

Insurance — and specifically workers' compensation insurance — is not necessarily a sought-after career for many college graduates or new

professionals entering the workforce. Many professionals, like Arkelian, ended up in the industry by happenstance.

But there are advantages that the industry can be touting to attract new talent.

“There are a lot of advantages for new professionals just getting their start if they consider this career path. This is a smaller industry, and once you are in and start gaining unique expertise in a very specific sector of health care and insurance, the value of that knowledge becomes something that can be leveraged to do many different things to rapidly grow careers within our space.”

And this growth can happen on unexpected and exciting paths, as demonstrated by Arkelian’s own successful transition to a product role at a national medical benefits manager.

But knowing what is potentially in front of them from the start may help improve recruitment and ultimately retainment of these professionals.

“I didn’t know at the time what signing up to be an adjuster really meant,” Arkelian explained. “I studied for my license, went through boot-camp style training and had a supportive mentor who helped guide me as I took on those first few claims. As my case load grew and more complexities piled on, I didn’t know if the significant time, dedication and sometimes tears were worth it. Was there a light at the end of the tunnel? There was, but at the time I couldn’t see it.

“I would say it is important that adjusters getting their start in our industry have potential career paths visible,” she advised. “The role is hard, but it can be rewarding knowing you are helping people through what can be their darkest hour. It’s important that our new talent can see the path forward.”

Technology that Supports, Not Stifles

In a time where we are accustomed to having next-generation applications at our fingertips for everything from managing financial health to ordering breakfast and streaming entertainment, a new adjuster’s introduction to claims technology can be a shock to the system.

“When they first sat me down for training in their claims system, I was surprised. The technology felt very outdated,” Arkelian said. “It was hard to get excited about working in it.”

But like the rest of the world and the rest of health care — workers’ compensation is evolving and innovating. It must — especially when it comes to supporting the needs of this demanding role through technology solutions.

“Adjusters often balance large caseloads, and while they may get high-level medical terminology and situational training, it’s hard to prepare someone for the critical decisions they will be making on a claim day in and day out and, most importantly, how these decisions impact the injured worker’s life and the lives of their family.” It doesn’t help that they are often working in aged systems that can be frustratingly inefficient,” Arkelian added. “Often, they are working in multiple, disparate systems.

“We need to consider the unique challenges of this role and develop technology solutions that empower their day-to-day decision-making, reduce their burden and, importantly, meet the expectations of today’s users in terms of their experience.”

Understanding what claims adjusters really want and need out of the systems they are working in is exactly why Healthesystems embeds user feedback and research studies into their innovation pipeline. The insights directly inform enhancements to the company’s claims technology.

“It’s really all about ensuring we are incorporating the user’s voice into what we are building,” Arkelian explained.

“The insights from user feedback and formalized research studies allow us to ensure we are focused on the right things, building useful tools and doing our part to improve efficiencies and reduce stressors for the dedicated employees who are keeping the workers’ compensation world go round.

“Some of these professionals might be our next future leaders, and we want to make sure we are doing everything in our power to make their jobs successful and rewarding to hopefully maintain that talent in our industry for years to come.” &
